

OFFICE-BASED MEDICAL CARE

A missed diagnosis can draw claims.

You examine, diagnose and treat patients in an office setting. Actual clinicians, procedures and reporting dates need specialist clinical terms alongside nonclinical premises and patient-record protection.

RISKS WORTH DISCUSSING

- 01 Misdiagnosis or prescribing errors
- 02 Patient slip and fall
- 03 Data breach of records

Coverage worth discussing

Professional liability

Specialist liability for accepted office-based medical duties.

General liability

Covered nonclinical patient or visitor premises injuries.

Cyber liability

Covered patient-record breach response and privacy claims.

Workers compensation

Work-injury benefits for eligible medical-office employees.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
