Coverage worth discussing

General liability

Covers third-party claims for fire or water damage.

Inland marine

Covers diagnostic tools kept in service trucks.

Business owners policy

Covers shop property and mechanical service liability.

Umbrella liability

Higher limits above covered underlying liabilities.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
