

PRECAST CONCRETE OPERATIONS

Concrete can crack before it reaches the site.

You cast, deliver and install heavy concrete sections. Review panel handling, transport, the casting yard and crane-setting work.

RISKS WORTH DISCUSSING

- 01 Component breakage in handling
- 02 Transit losses for heavy loads
- 03 Rigging and crane setting events

Coverage worth discussing

General liability

Pays for third-party injury or site damage.

Commercial property

Insures casting yard, molds, and inventory.

Inland marine

Scheduled panels or molds in transit and setup.

Commercial auto

Covers vehicle liability for heavy hauling.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
