

MEDICATION HANDOFFS AND PATIENT PRIVACY

A missed handoff can harm a patient.

You deliver pharmacy medications to patients. Review courier-error and patient-injury terms, accepted drugs and temperature needs; dispensing mistakes, cargo replacement and record privacy differ.

RISKS WORTH DISCUSSING

- 01 Medication left with the wrong person
- 02 Theft of high-value drug shipments
- 03 Temperature damage to accepted drugs

Coverage worth discussing

Commercial auto

Covered road liability for accepted pharmacy delivery.

Cyber liability

Privacy response for accepted patient-record media.

Professional liability

Claims under accepted courier/patient-injury terms.

Motor truck cargo

Accepted medications under insured transit-loss terms.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
