

HARVESTING AND HAULING

Log truck accidents and overturns

Pulpwood operations involve cutting, loading, and hauling timber to mills. You need insurance that differentiates machine repair, cargo loss, and missed output.

RISKS WORTH DISCUSSING

- 01 Log truck accidents and overturns
- 02 Loss of the pulpwood load
- 03 Mechanized harvesting injuries

Coverage worth discussing

Commercial auto

Covered road liability for declared timber-hauling trucks.

Motor truck cargo

Declared log loads after covered transit losses.

Workers compensation

Employee injury benefits for accepted harvesting duties.

Inland marine

Declared bunchers or loaders after covered physical damage.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
