NUT ROASTING AND BLENDING

Allergen errors can affect nut spreads.

You roast nuts and grind or fill spreads. Allergen handling, hot roasters and failed filling equipment create different product, property and employee interests.

RISKS WORTH DISCUSSING

01 **Severe peanut allergen reactions**

02 **Roasting oven fire hazards**

03 **Grinding and filling machinery breakdown**

ROASTED NUT & PEANUT BUTTER PRODUCER INSURANCE

Coverage worth discussing

Products liability
Covered resulting harm from supplied nuts or spreads.

Equipment breakdown
Covered internal failures of accepted roasters or grinders.

Umbrella liability
Extra limits above expressly covered underlying liabilities.

Commercial property
Repairs roasters after covered fire loss.

Workers compensation
Work-injury benefits for eligible nut-production employees.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 **Listen**
We review your operations, coverage and past claims.

02 **Assess**
We look at hazards and ways to reduce risk.

03 **Build**
We compare carriers, premiums and audit terms.

04 **Support**
We revisit coverage as your work changes.
