ROPE AND TWINE FACTORY INSURANCE

Coverage worth discussing

Products liability
Covered harm to others when supplied rope fails.

Commercial property
Protects fiber and machinery from damage.

Equipment breakdown
Covers internal failure of braiding lines.

General liability
Covers injury occurring at your facility.

Inland marine
Protects fiber coils during rail transit.

Umbrella liability
Extra limits above covered underlying liabilities.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 **Listen**
We review your operations, coverage and past claims.

02 **Assess**
We look at hazards and ways to reduce risk.

03 **Build**
We compare carriers, premiums and audit terms.

04 **Support**
We revisit coverage as your work changes.
