

GUEST RIGS AND PARK UTILITIES

Utility faults can damage rigs.

You provide RV pads, roads and utility connections. Pedestal ownership, accepted recreation and septic interests need site-specific terms; park service vehicles and guests' rigs are different auto interests.

RISKS WORTH DISCUSSING

- 01 Electrical or plumbing utility faults
- 02 Vehicle and pedestrian road conflicts
- 03 Guest amenity injuries

Coverage worth discussing

Commercial property

Scheduled park buildings and utilities after covered damage.

Environmental liability

Covered cleanup under accepted septic-release terms.

General liability

Covered guest injury from expressly accepted park activities.

Commercial auto

Covered road liability for declared park service vehicles.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
