

CENTRALIZED PAYROLL AND HR OPERATIONS

One service error can affect several units.

You centralize payroll, HR, IT, or accounts payable for multiple business units. A mistake or system outage can affect many companies.

RISKS WORTH DISCUSSING

- 01 Data breach of employee records
- 02 Payment fraud and internal embezzlement
- 03 Technology and system breakdown

Coverage worth discussing

Professional liability

Eligible service-error claims for accepted recipient entities.

Cyber liability

Covered privacy response involving shared business records.

Crime insurance

Covered employee theft or accepted transfer-fraud losses.

Equipment breakdown

Covered internal failures of accepted server hardware.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
