The Southern Agency
Insurance & Bonds

DREDGING, LANDING AND CHILLED CATCH

Harvested shellfish can cause illness.

You dredge or tong shellfish and hold catch until landing. Vessel, at-sea gear and crew need marine terms; product injury, recall, shore chilling and release costs are distinct interests.

RISKS WORTH DISCUSSING

01 **Consumer shellfish illness allegations**

02 **Dredge and winch crew injuries**

03 **Shallow-water vessel grounding**

SHELLFISH HARVESTING BOAT INSURANCE

Coverage worth discussing

Products liability
Covered resulting illness from accepted shellfish products.

General liability
Covered third-party injury from accepted shore operations.

Commercial property
Insured shore chilling and storage after covered damage.

Environmental liability
Covered cleanup under accepted fuel or hydraulic-release terms.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 **Listen**
We review your operations, coverage and past claims.

02 **Assess**
We look at hazards and ways to reduce risk.

03 **Build**
We compare carriers, premiums and audit terms.

04 **Support**
We revisit coverage as your work changes.
