

LOCAL SHIPPERS AND INTERCHANGE DUTIES

A derailment can damage a siding.

You connect local shippers to larger rail networks. Declare track, interchange, commodities and customer-car custody; actual worker/FELA arrangements and lost shipper demand need separate review.

RISKS WORTH DISCUSSING

- 01 Derailment damage at local sidings
- 02 Industrial cargo or fuel releases
- 03 Internal locomotive-system failures

Coverage worth discussing

General liability

Claims under expressly accepted short-line rail terms.

Environmental liability

Cleanup under accepted rail-cargo/fuel terms.

Equipment breakdown

Internal failures of accepted locomotive systems.

Commercial property

Expressly insured locomotives, bridges and track.

Inland marine

Accepted rail-cargo/custody loss interests.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
