

WHOLESALE BUILDING SUPPLY

Foam stock can increase a warehouse fire loss.

You supply bulky siding and insulation products. Combustibility varies, and moisture claims can occur post-installation.

RISKS WORTH DISCUSSING

- 01 Material fire spread
- 02 Bulky panel shifting
- 03 Product performance disputes

Coverage worth discussing

Commercial property

Insured yard stock and declared foam-inventory values.

Products liability

Covered harm to others from supplied building materials.

Inland marine

Declared siding or insulation in covered transit.

Workers compensation

Protection for covered staff handling bulky goods.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
