

PASSENGER VESSELS, WET DECKS AND FUEL

A wet deck can injure a guest.

Your boats carry sightseeing guests through harbors or rivers. Vessel passenger liability, hull and crew need marine arrangements; shore facilities, fuel releases and qualified worker benefits are distinct.

RISKS WORTH DISCUSSING

- 01 Passenger falls on wet decks
- 02 Vessel collisions during excursions
- 03 Fuel or bilge releases into water

Coverage worth discussing

General liability

Covered visitor injury at accepted shore premises.

Workers compensation

Benefits for qualifying shoreside work injuries.

Umbrella liability

Limits above expressly scheduled marine liability.

Commercial property

Insured piers, offices and other shore assets.

Environmental liability

Cleanup under accepted marine-pollution terms.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
