The Southern Agency
Insurance & Bonds

EARTHMOVING OPERATIONS

Buried lines lie beneath the next cut.

You clear land and grade soil using heavy dozers to prepare foundations. Erosion and utility strikes create significant hazards.

RISKS WORTH DISCUSSING

01 **Equipment rollovers and crush risks**

02 **Hitting buried gas or water lines**

03 **Erosion and sediment runoff damage**

SITE PREPARATION CONTRACTOR INSURANCE

Coverage worth discussing

General liability
Covers damage or injury from earthmoving near utilities.

Inland marine
Dozers and excavators at sites or in transit.

Environmental liability
Assists with cleanup costs related to sediment runoff.

Umbrella liability
Extra limits above covered underlying liabilities.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 **Listen**
We review your operations, coverage and past claims.

02 **Assess**
We look at hazards and ways to reduce risk.

03 **Build**
We compare carriers, premiums and audit terms.

04 **Support**
We revisit coverage as your work changes.
