FUEL, STORAGE AND RETURNED MACHINES

A leaking fuel tank can start a fire.

You service power equipment that may arrive with fuel still inside. Customer-machine custody, completed repairs and accepted processing damage need terms distinct from your own tools or routine warranty work.

RISKS WORTH DISCUSSING

01 **Fires involving stored fuel or machines**

02 **Damage to customer machines in custody**

03 **Resulting harm after repaired machines return**

SMALL ENGINE REPAIR SHOP INSURANCE

Coverage worth discussing

Commercial property
Insured shop and owned tools after covered damage.

General liability
Covered visitor injury from accepted shop activities.

Products liability
Covered resulting harm from accepted repaired-equipment duties.

Inland marine
Insured client machines under accepted custody/processing terms.

Workers compensation
Work-injury benefits for eligible shop technicians.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 **Listen**
We review your operations, coverage and past claims.

02 **Assess**
We look at hazards and ways to reduce risk.

03 **Build**
We compare carriers, premiums and audit terms.

04 **Support**
We revisit coverage as your work changes.
