The Southern Agency
Insurance & Bonds

BEVERAGE BOTTLING AND DISTRIBUTION SERVICES

Pressurized CO2 can injure crews.

You carbonate, fill and distribute soft drinks. Pressurized systems, moving bottling lines and delivery vehicles involve distinct employee, machinery and road interests.

RISKS WORTH DISCUSSING

01 **Pressurized CO2 system explosions**

02 **High-speed line machinery injuries**

03 **Delivery fleet distribution accidents**

SOFT DRINK BOTTLING PLANT INSURANCE

Coverage worth discussing

Commercial auto
Covered road liability for declared beverage-delivery vehicles.

Equipment breakdown
Covered internal failures of accepted bottling machinery.

Products liability
Covered resulting harm from supplied soft drinks.

Workers compensation
Work-injury benefits for eligible bottling employees.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 **Listen**
We review your operations, coverage and past claims.

02 **Assess**
We look at hazards and ways to reduce risk.

03 **Build**
We compare carriers, premiums and audit terms.

04 **Support**
We revisit coverage as your work changes.
