

LICENSED SOFTWARE, RELEASES AND SUPPORT

A bad update can disrupt customers.

You license applications and release updates or subscriptions. Define actual support, hosting and data access; product-error claims, response costs and governance differ from refunds or fixing your code.

RISKS WORTH DISCUSSING

- 01 Client claims over defective releases
- 02 Security incidents involving access
- 03 Governance claims against leaders

Coverage worth discussing

Professional liability

Covered claims involving accepted software products/services.

Cyber liability

Covered security/data response for included systems.

Directors and officers

Covered governance claims against insured leaders/entity.

Business owners policy

Eligible insured office property and premises liability.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
