

ATHLETIC EQUIPMENT

A protective-gear failure can injure an athlete.

You make equipment for training or competition. Review protective-performance claims, assembly injuries and molding machinery.

RISKS WORTH DISCUSSING

- 01 Injury claims tied to product failure
- 02 Protective gear performance allegations
- 03 Plant machinery and process hazards

Coverage worth discussing

Products liability

Addresses injury liability for your sports products.

Equipment breakdown

Repair costs for a covered molding machine breakdown.

Umbrella liability

Extra limits above covered underlying liabilities.

Commercial property

Covers physical damage to facility and machinery.

Workers compensation

Employee injury benefits for assembly and fabrication.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
