

TREE SALES

Field visitors can trip near cutting work.

Choose-and-cut customers walk among growing trees. Visitor claims, harvested stock and standing-tree losses need distinct terms across the selling season.

RISKS WORTH DISCUSSING

- 01 Customer injuries in fields
- 02 Baling and equipment accidents
- 03 Weather and disease crop damage

Coverage worth discussing

General liability

Covers visitor accidents during field access.

Inland marine

Declared balers or tractors after covered physical damage.

Products liability

Covered harm from accepted tree products.

Commercial property

Insured shops and accepted cut-tree inventory.

Workers compensation

Employee injury benefits for eligible seasonal staff.

Commercial auto

Covers liability for farm delivery trucks.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
