

TRUCK LEASES AND OFF-LEASE USE

An off-lease truck can be damaged.

You own trucks operated by other businesses under leases. Leased and off-lease use, actual maintenance duties and insured lessor interests need distinct terms rather than relying on a lessee's certificate alone.

RISKS WORTH DISCUSSING

- 01 Claims over lessor maintenance duties
- 02 Damage to off-lease trucks on the lot
- 03 Gaps in actual lessee insurance

Coverage worth discussing

Commercial auto

Accepted lessor liability and insured truck physical damage.

Commercial property

Insured shop buildings and contents after covered damage.

Umbrella liability

Extra limits above expressly scheduled underlying liabilities.

Garage liability

Covered liability for accepted maintenance/lot operations.

Workers compensation

Work-injury benefits for eligible mechanics and lot staff.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
