The Southern Agency
Insurance & Bonds

TOW BUILDING AND BARGE CONTROL

Breakaways can damage other barges.

You build and control tows through working waterways. Towage contracts, third-party barges, freight and crew require marine terms, with actual fuel and carried-product interests identified separately.

RISKS WORTH DISCUSSING

01 **Parted tow lines and collisions**

02 **Grounding in shallow channels**

03 **Damage to client-owned freight**

TUGBOAT OPERATOR INSURANCE

Coverage worth discussing

General liability
Covered third-party injury at accepted dock premises.

Commercial property
Insured shore facilities after covered physical damage.

Environmental liability
Covered cleanup under accepted fuel or product-release terms.

Umbrella liability
Extra limits above expressly accepted tow liabilities.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 **Listen**
We review your operations, coverage and past claims.

02 **Assess**
We look at hazards and ways to reduce risk.

03 **Build**
We compare carriers, premiums and audit terms.

04 **Support**
We revisit coverage as your work changes.
