

WALK-IN TREATMENT AND FOLLOW-UP

A triage error can delay treatment.

You treat unscheduled patients across rotating shifts. Accepted clinicians, triage, follow-up and reporting terms need specialist clinical review alongside waiting-room injuries and patient-data duties.

RISKS WORTH DISCUSSING

- 01 Triage and diagnostic errors
- 02 Waiting room slip-and-fall incidents
- 03 On-site diagnostic equipment failure

Coverage worth discussing

Professional liability

Specialist liability for accepted urgent-care services.

Cyber liability

Covered health-record breach response and privacy claims.

General liability

Covered nonclinical waiting-room or visitor injuries.

Commercial property

Insured diagnostic equipment after covered physical damage.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
