

VETERINARY TREATMENT AND ANIMAL CARE

Treatment and custody can overlap.

You treat the species and conditions your service accepts. Veterinary malpractice and animal-bailee duties need distinct terms alongside client injuries, equipment repairs and technician bites.

RISKS WORTH DISCUSSING

- 01 Surgical and medication complications
- 02 Animal injury while in custody
- 03 Staff bites and animal scratches

Coverage worth discussing

Professional liability

Veterinary liability for accepted species and treatment duties.

Equipment breakdown

Covered internal failures of accepted veterinary imaging equipment.

General liability

Covered client or visitor injury at accepted clinics.

Workers compensation

Work-injury benefits for eligible veterinary employees.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
