

HOSTED VOICE, ROUTING AND CARRIER BILLS

Hijacked calls can run up bills.

You route calls through internet platforms and carriers. Emergency-routing duties need explicit service/injury terms; unauthorized call charges require express toll-fraud review, apart from funds-transfer theft.

RISKS WORTH DISCUSSING

- 01 Call-routing or integration service errors
- 02 Misrouted emergency-call allegations
- 03 Account takeovers generating carrier charges

Coverage worth discussing

Professional liability

Claims under accepted hosted-voice/injury terms.

General liability

Covered nonprofessional premises physical claims.

Cyber liability

Covered credential/call-data response and privacy claims.

Crime insurance

Defined theft/fraud of expressly insured money interests.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
