

PLATFORM BOOKINGS AND REMOTE HOSTING

Remote check-ins leave access risks.

You welcome platform-booked guests to a home managed from elsewhere. Access, amenities and turnover inspections need your own accepted rental terms; platform benefits, weather perils and income require separate review.

RISKS WORTH DISCUSSING

- 01 Unsupervised guest amenity use
- 02 Theft or damage after checkout
- 03 Destination-specific weather damage

Coverage worth discussing

Commercial property

Declared rental furnishings after covered physical damage.

Business owners policy

Property and general liability for an expressly eligible host.

General liability

Covered guest injury involving accepted rental amenities.

Cyber liability

Covered breach response for host-controlled guest records.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
