

INTERIOR FINISHING

Large sheets move through finished spaces.

You hang and finish gypsum board where dust and heavy material handling create significant liability for your business.

RISKS WORTH DISCUSSING

- 01 Falls from lifts and scaffolds
- 02 Lifting and panel-handling
- 03 Sanding dust and cleanup

Coverage worth discussing

General liability

Addresses damage to surrounding fixtures or floors.

Inland marine

Protects lifts, stilts, and tools from theft.

Workers compensation

Supports qualifying staff injured on the job.

Umbrella liability

Extra limits above covered underlying liabilities.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
