

COLLECTION ROUTES, LIFT GEAR AND CONTAINERS

A backing truck can injure a person.

Your crews make frequent stops, back trucks and place containers. Declare lift/placement duties and actual materials; road liability, non-auto service claims and accepted release cleanup have different triggers.

RISKS WORTH DISCUSSING

- 01 Backing collisions along collection routes
- 02 Crew injuries around lifts or packers
- 03 Releases from unexpected accepted loads

Coverage worth discussing

Commercial auto

Road liability for accepted collection vehicles.

Workers compensation

Benefits for qualifying collection-crew injuries.

General liability

Covered non-auto customer-site injury/property claims.

Environmental liability

Cleanup under accepted collection/transit terms.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
