WINE PRODUCTION AND ESTATE VISITS

Cooling faults can spoil a vintage.

You produce and age wine and may manage vines or tours. Growing crops, cellar stock and alcohol service need distinct agricultural, property and liability terms.

RISKS WORTH DISCUSSING

01 **Vineyard frost and hail**

02 **Refrigeration equipment breakdown**

03 **Guest injuries during estate tours**

WINERY INSURANCE

Coverage worth discussing

Commercial property
Declared winery buildings and wine stock after covered damage.

Equipment breakdown
Covered internal failures of accepted cellar cooling systems.

Liquor liability
Covered liability from accepted tastings or alcohol-service events.

Workers compensation
Work-injury benefits for eligible winery or vineyard employees.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 **Listen**
We review your operations, coverage and past claims.

02 **Assess**
We look at hazards and ways to reduce risk.

03 **Build**
We compare carriers, premiums and audit terms.

04 **Support**
We revisit coverage as your work changes.
