

ELECTRICAL EQUIPMENT SUPPLY

A wiring component can be blamed for harm.

You supply electrical components and heavy cable reels to contractors and other buyers. Product claims can disrupt operations.

RISKS WORTH DISCUSSING

- 01 Injury from supplied components
- 02 Theft of metal-rich stock
- 03 Damage to heavy cable reels

Coverage worth discussing

Products liability

Covered harm from accepted electrical components.

Inland marine

Declared cable reels after covered delivery-transit losses.

Commercial property

Insured warehouse and declared cable or component stocks.

Commercial auto

Covered liability for declared electrical-delivery fleets.

Coverage is subject to policy terms and exclusions.

Why The Southern Agency

01 Listen

We review your operations, coverage and past claims.

02 Assess

We look at hazards and ways to reduce risk.

03 Build

We compare carriers, premiums and audit terms.

04 Support

We revisit coverage as your work changes.
