THE OSHA COMPLIANCE **SOLUTION**

Our new *complete safety technology system* helps keep you OSHA compliant. It can include everything from documentation to standard and customizable forms, as well as detailed safety lessons and a *digital lesson tracker!* There are hundreds of resources to choose from. GotSafety is the easy, affordable way to stay up to date with OSHA safety laws.

Questions? Give us a call at (423) 504-4647

SAFETY LESSONS

Tired of rewriting training lessons, tracking down safety records, and trying to keep up with OSHA laws? Look no further – GotSafety can provide you with all the assistance you need to easily stay OSHA compliant.

► BILINGUAL SAFETY LESSONS

As a monthly subscriber, you'll have access to over 500 safety lessons, many of which will be specific to your industry. Available in both English and Spanish, topics include everything from Acetylene Safety to Vibration Exposure.

Our library of material is always being updated to current standards, and new safety lessons are produced monthly. If we don't have the lessons you need, we'll produce it for you at no extra cost!

► DIGITAL SIGNATURES & LESSON TRACKER

Have employees sign-off on lessons electronically using their finger on the app or mouse on a PC! Signatures are then stored instantly online under the Training Records page.

Track employee training records using employee name, ID number, lesson topic, or date. You can monitor and manage all your files from your PC – never lose another document!

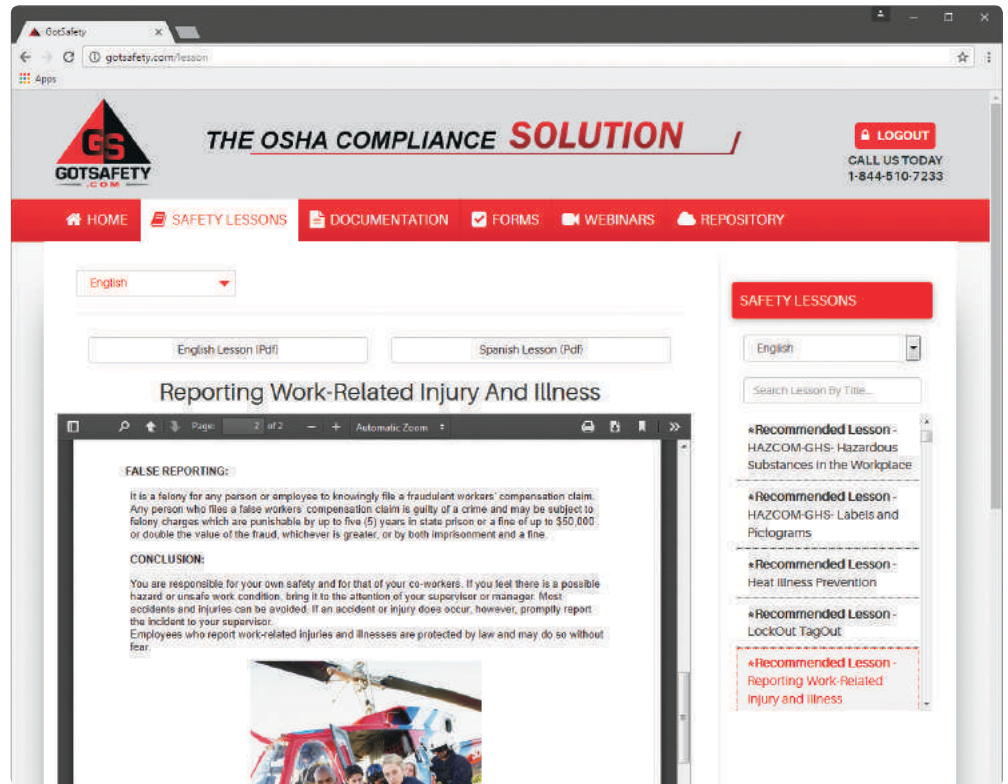

▶ LESSONS MADE EASY

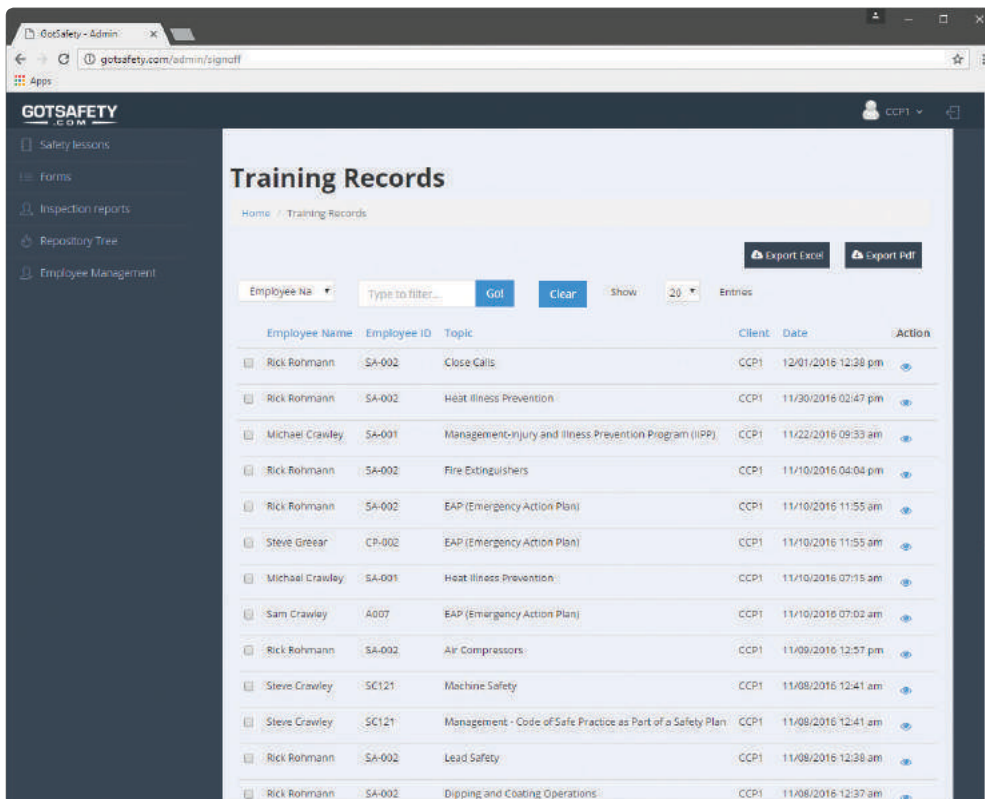

Are you wanting a way to have easy tailgate lessons and sign-off for tracking? We have the OSHA compliance solution!

Because of our unparalleled innovative technology, you are now able to train and sign-off immediately at any job site. With your Admin privileges, you are also now able to track each and every employee and every lesson they have ever taken. You can track by employee name, ID number, lesson topic, or date. All information at your fingertips, all the time!

Employees can also take lessons individually on a PC or tablet, and are now able to sign-off with their mouse! It doesn't get any better!

MANAGE YOUR SAFETY RESOURCES ONLINE

▶ ADMIN ACCESS

Take control of your safety program with the additional tools provided in the Admin section of the GotSafety site!

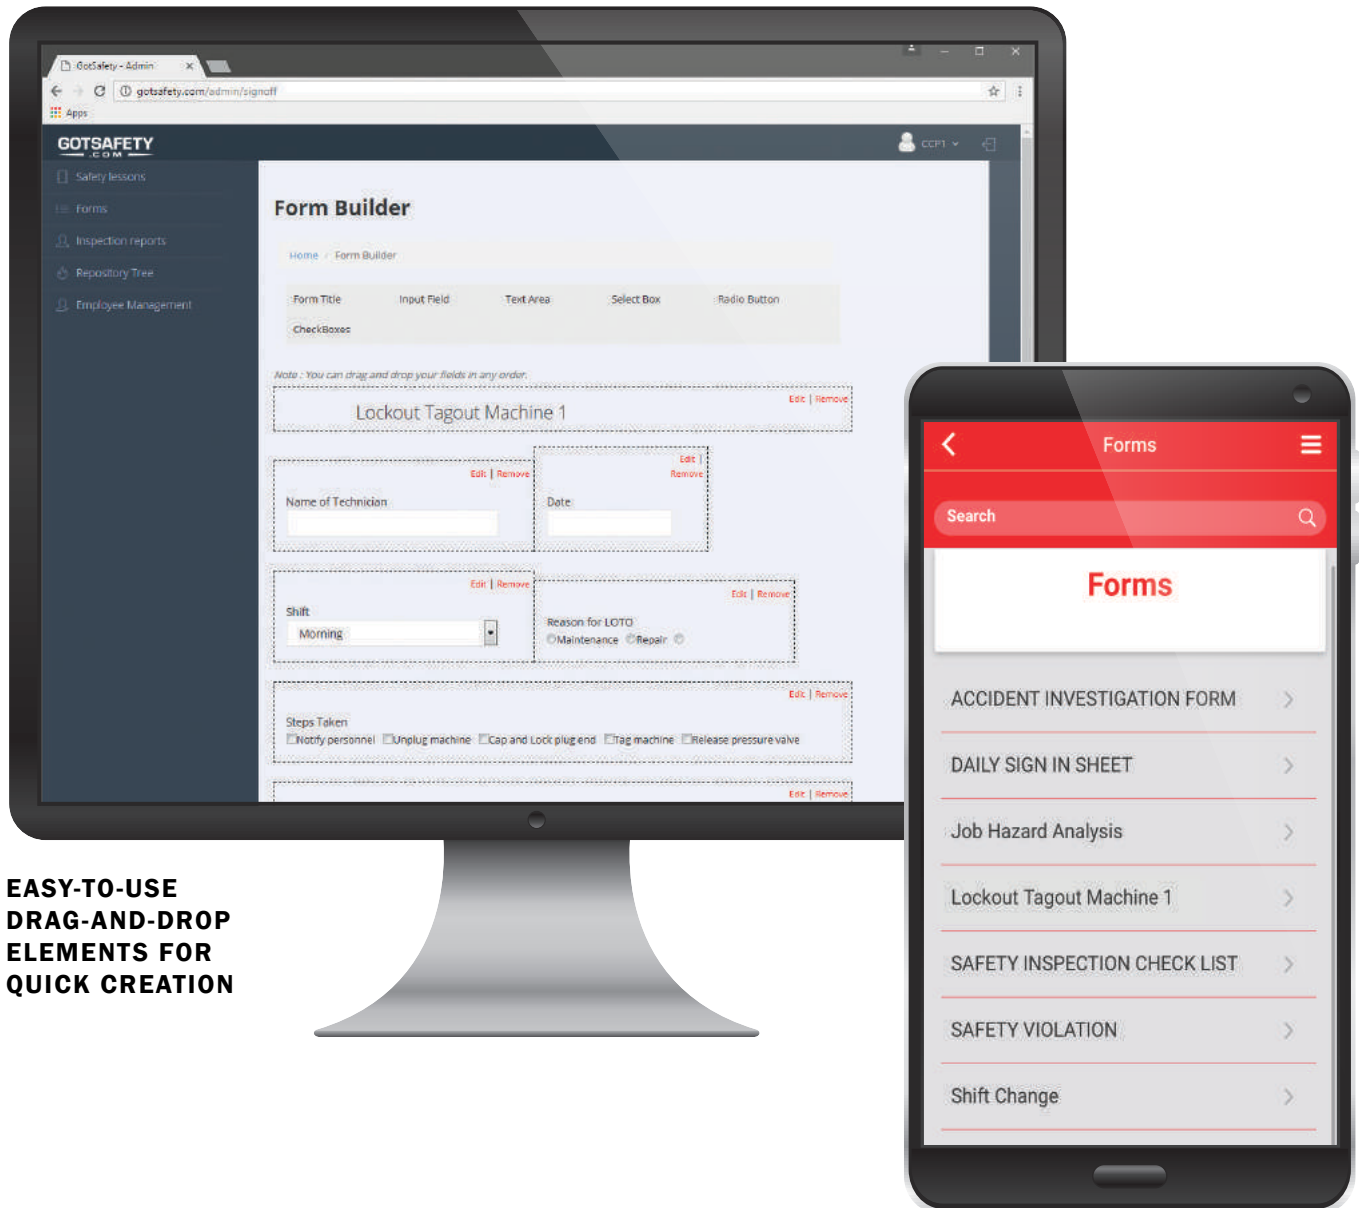

The Admin account controls the safety lesson training records, submitted safety forms, form builder tool, inspection reports, repository documents, and employee management tools.

All forms and documents created with these applications will be maintained and archived for the life of your account.

CUSTOMIZED FORMS

► CREATE FORMS WITH EASE

Use our online Form Builder to create and fill out inspection checklists and reports! Customize content, layouts, interactive elements, and more! After a form has been created, it will show up under the Forms tab in the GotSafety app and website. Employees can fill out these forms from any smartphone or computer, which will be electronically sent to your Admin section.

► MULTI-PLATFORM COMPATIBILITY

In the office or on the go, ensure that your employees always have the safety compliance tools they need. Any changes or additions made from the Admin section will appear instantly on the GotSafety app and website!

OSHA DOCUMENTATION

► ONE-TIME PURCHASE — CALL FOR A QUOTE

This addition to our services will include a complete set of OSHA-compliant documentation specific to your company, industry, and location! Starting with an over-the-phone interview with one of our documentation specialists, we'll find out exactly what you need to be OSHA compliant and create it just for you. As long as you're a part of the GotSafety program, you'll receive free updates for life!

AVAILABLE ON
PC, TABLET, &
SMARTPHONE!

The image displays three devices showing the GotSafety OSHA Documentation interface. The background is a dark grey with a subtle pattern of light grey circles.

PC Screen (Top): Shows a web browser with the URL gotsafety.com/repository. The page title is "TABLE OF CONTENTS". It lists sections 1 through 8, including "INTRODUCTION", "PROGRAM ADMINISTRATION", "ENERGY CONTROL AND LOCKOUT", "CLEANING, SERVING AND ADJUST", "REPAIR WORK AND SETTING-UP", "MATERIALS AND HARDWARE", "REPETITIVE PROCESS MACHINES", and "HAZARDOUS ENERGY".

Tablet Screen (Middle): Shows the "Documentation" page. It includes a header with the GotSafety logo and the text "THE OSHA COMPLIANCE SOLUTION". Below the header is a navigation bar with links: HOME, SAFETY LESSONS, DOCUMENTATION, FORMS, WEBINARS, and REPOSITORY. The main content area lists various documentation topics: Energy Control - Lockout-Tagout (LOTO), Powered Industrial Truck Safety Manual, Noise Exposure and Hearing Protection, Heat Illness, Hazard Communication, Code of Safe Practice, Fire Protection and Prevention Plan, and Fall Protection.

Smartphone Screen (Bottom): Shows the "OSHA Documentation" app interface. It has a red header with the title and a hamburger menu icon. Below the header is a "Locations" section with a search bar and a list of locations: Fall Protection, Fire Protection and Prevention Plan, Code of Safe Practice, Hazard Communication, Heat Illness, Noise Exposure and Hearing Protection, Powered Industrial Truck Safety Manual, and Energy Control - Lockout-Tagout (LOTO).

► QUALITY SERVICE

Backed by safety professionals with over 25 years of experience, GotSafety combines the talents of OSHA experts and skilled writers to provide your company with the customized documentation you need to stay OSHA compliant.

WEBINARS

► LIVE & ARCHIVED VIDEO LESSONS

Webinars are presented live each month. Join in to get answers to your OSHA-compliance questions, hear about updates to OSHA laws and regulations, and receive expert advice for your company!
